Date of Birth: ____ /____ /____

Child's Name: _____

Mother's Name: _____

Society tells us that having a baby should be a happy, exciting and joyous time. However, for 15-20% of new moms, that isn't the case. We care about you and how you are feeling! Please check the responses below that come closest to how you have felt in the **past 7 days** *(not just today)*. Please do not skip any questions and be sure to answer the questions on your own and without the input of others.

1. I have been able to laugh and see the funny side of things.

- ☐ As much as I always could
- ☐ Not quite so much now
- ☐ Definitely not so much now
- ☐ Not at all

2. I have looked forward with enjoyment to things.

- ☐ As much as I ever did
- ☐ Rather less than I used to
- ☐ Definitely less than I used to
- ☐ Hardly at all

3. I have blamed myself unnecessarily when things went wrong.

- ☐ Yes, most of the time
- ☐ Yes, sometimes
- ☐ Not very often
- ☐ No, never

4. I have been anxious or worried for no good reason

- ☐ No, not at all
- ☐ Hardly ever
- ☐ Yes, sometimes
- ☐ Yes, very often

5. I have felt scared or panicky for no very good reason

- ☐ Yes, quite a lot
- ☐ Yes, sometimes
- ☐ No, not much
- ☐ No, not at all

6. Things have been getting on top of me.

- ☐ Yes, most of the time I haven't been able to cope at all
- ☐ Yes, sometimes I haven't been coping as well as usual
- ☐ No, most of the time I have coped well
- ☐ No, I have been coping as well as ever

7. I have been so unhappy that I have had difficulty sleeping

- ☐ Yes, most of the time
- ☐ Yes, sometimes
- ☐ Not very often
- ☐ No, not at all

8. I have felt sad or miserable.

- ☐ Yes, most of the time
- ☐ Yes, quite often
- ☐ Not very often
- ☐ No, not at all

9. I have been so unhappy that I have been crying

- ☐ Yes, most of the time
- ☐ Yes, quite often
- ☐ Only occasionally
- ☐ No, never

10. The thought of harming myself has occurred to me.

- ☐ Yes, quite often
- ☐ Sometimes
- ☐ Only occasionally
- ☐ Never

Lead Poisoning Prevention Program
Screening and Special Services
Oklahoma State Department of Health
1000 NE 10th Street

Telephone: (405) 271-6617 Toll Free: 1-800-766-2223

Purpose: The LERAQ is to be used to screen for possible lead exposure in children 6 -72 months of age.
Use: This assessment may be administered by medical staff or teacher, or completed by the child's parent or guardian.
Any "Yes" or "don't know" answer is considered a positive answer thus requires the child to have a blood lead test.

According to OCLPPP Case Management Guidelines, if a child has a blood lead test <5 ug/dl, reassess with the LERAQ in 1 year. No additional testing is necessary unless an exposure risk change has occurred. This Guideline does not supersede the federal CMS requirement that children enrolled in SoonerCare receive a blood lead test at 12 and 24 months of age as defined in the Child Health Check Up, also known as Early and Periodic Screening; Diagnosis and Treatment (EPSDT). Routing and Filing: Retain this record in the child's record to review annually.
